## GENERAL REMARKS

The annual report of our School Board is again called for, and it is with a pardonable degree of satisfaction that we ask you to look with us over the past year of school work.

To our knowledge there has been no serious difficulty or drawback in any quarter.

We find a great scarcity of well qualified teachers willing to work for the money offered in our schools, and we believe that the extra dollars expended for teachers this year have been well repaid, in the good work accomplished by these teachers.

By an act of the legislature we are obliged to recommend to the selectmen the amounts needed during the coming year for high school tuition, books, supplies, flags and appurtenances. We therefore recommend for

High school tuition	\$1 25 00
Text books and supplies	75 00

We do not think it will be necessary to raise money for flags as there is already an unused appropriation of \$5.00

Too little interest is taken by parents in school matters, as is shown by visits in the school room and by the irregular attendance of children. Again we thank you for past support and ask for a continued interest during the coming year.

Respectfully submitted,

H. J. TANNER,	} School Board
SPEDIE A. NEWTON,	
EMMA S. STOWELL,

	} Unity.

Having examined the accounts of the School Board, School Treasurer and Trustee of Keyes fund, I find them correctly cast and with proper vouchers.

Auditor for Unity School District.
